

## OUR SCHOOL

Located in Beijing, the Affiliated High School of Peking University was founded in 1960. It is a model public secondary school, upholding the highest of academic standards. The school offers students the flexibility of choosing between day school or boarding school experiences. Aside from the national curriculum, the school offers an international curriculum. Both curriculums are accredited by the Beijing Commission of Education. The school is under the direct guidance of Peking University, **ranked in 2021 as the #1 university in Asia by Times Higher Education**. Similarly, the Affiliated High School and its international division are highly regarded both domestically and internationally.

- **Academies:** Six academies. Dalton Academy offers international courses, while the five academies, Boya, Shuren, Weiming, Xingzhi and Yuanpei offer national curriculum courses.
- **House system:** Comprised of nine houses where students elect their own government, practice democratic decision making, cultivate leadership skills and organize activities. Every student is required to complete 400 hours of community service within their three years of attendance.
- **Course selection system:** Approximately 370 core and elective courses are provided for students to choose from, allowing them to explore both their passions and fulfil their graduation requirements.
- **Diplomas:** The Affiliated High School of Peking University offers two diplomas: a general diploma and an honors diploma. The general diploma requires students to obtain graduation credits in accordance with their respective national or international curriculums along with requiring them to demonstrate commitment to the mission of The Affiliated High School of Peking University. The honors diploma is based on the general diploma, students can apply for it with outstanding performance or achievement related to a particular aspect of the school mission.

**Peking University Program**  
Dalton Academy students are provided an opportunity to intensify and deepen their research by studying together with Peking University students, receiving one-on-one mentorship and accessing laboratories of Peking University, Tsinghua University and the Chinese Academy of Sciences.

## OUR MISSION

Encourage transformation amongst the student body by providing platforms for them to develop their integrity, curiosity, creativity, and sense of responsibility.

## OUR NETWORK

As a school comprised of international and national curriculum based academies, our school benefits from straddling both international and domestic universes. Domestically, students have the opportunity to participate in athletics ranging from the Chinese Middle School Fencing League to the National Cheerleading League. Internationally, Dalton Academy students benefit from the schools participation in Round Square, comprised of over 200 schools who share an approach to education that is structured around the Round Square IDEALS of internationalism, democracy, environmentalism, adventure, leadership and service.

Grade	Qualitative Equivalent	Numeric Equivalent	Regular GPA
A+	Outstanding	95-100	4.5
A	Excellent	90-94	4
B+	Very Good	85-89	3.5
B	Good	80-84	3
C+	Satisfactory	75-79	2.5
C	Below Satisfactory	70-74	2
D	Serious Difficulties	60-69	1
F	Fail	0-59	0

While the grade point average is out of 4.5, it is possible for a student to have a GPA greater than 4.5 if they exceed regular course requirements and earned a B+ or higher while enrolled in an Honors or Pre-University course.

## HIGHLIGHTS

1. Yuanpei Program: Created to develop outstanding innovative talents. Students grades 9 to 11 can access advanced courses and participate in project-based learning. Only the top 5% of students of each grade have a chance at being admitted into the program. All courses are **evaluated by honors course standards**.
2. Advanced Pre-University and University Courses: Among China's most elite high schools, our school offers advanced pre-university courses: History of Ancient Chinese Culture, Advanced Ancient Chinese History and Calculus, with the support of Peking University's Institute of Examinations. Teachers of these courses are **trained and certified by Peking University**. Our History of Ancient Chinese Culture teacher is now training other teachers of this subject all over China.
3. Civic Education Program: Includes Public Debate, Mock Court, Creative Writing, Non-Fiction Writing, Oral History, Public Speaking and the Social Innovation Lab; all of which encourage and empower students to make a measurable impact in and outside of their school community. **The program seeks to foster active citizenship**, along with preparing them for college, careers, and civic life.
4. Peking University courses and lab opportunities are extended to those who obtain the highest level of achievement in a particular subject area or discipline. The first of its kind in the country, where high school students have access to university courses and credits.

International Curriculum - Dalton Academy

BEYOND THE CLASSROOM

- **Independent Research Program (IRP):** Students research a problem, project, or subject of their choosing. Every participant in the IRP program will have a faculty mentor overseeing their research.
- **Experiential Learning Program (ELP):** A mandatory program spanning five continents. The program has a dual objective of stimulating curiosity and positively transforming students and their communities, while maintaining a connection to the international curriculum.
- **Dalton Access Scholarship:** China's first scholarship program targeted towards displaced students resulting from conflict zones or areas of political instability.
- **Co-op Program:** Allows students to gain hands on experience within research institutions, service-based programs and local businesses.
- **Teaching Experience:** After meeting strict guidelines and faculty approval, students have the opportunity to plan and teach credited courses to peers based on an area of their expertise.
- **Research Grants:** Faculty and students can apply for one USD 5000 academic grant per year.
